HB87 Medical incident compensation; penalties.

Chief Patron: Marshall, R.G.

Summary:

Establishes a system for determining the liability of physicians and hospitals for medical injury caused by an unintended or unexpected adverse consequence or unanticipated outcome of (i) health care rendered or provided to the patient or (ii) the failure of a health care provider to render or provide health care to the patient. This system is the exclusive remedy for covered injuries; however, civil actions are permitted against a health care provider where there is clear and convincing evidence that the health care provider intentionally or willfully caused or intended to cause an injury. A claimant need not establish that the health care provider's negligence or breach of contract caused the injury. A claimant whose injury is found to be covered by the measure is eligible to be compensated for (i) expenses of medical and hospital, rehabilitative, therapeutic, nursing, attendant, residential, and custodial care; (ii) loss of earnings for the period that the claimant is unable to perform the functions of any job for which he was reasonably qualified at the date of the medical incident, based on his training and experience at a rate equal to the statewide average weekly wage; (iii) permanent loss or disfigurement as provided in the Workers' Compensation Act; (iv) if the injury is fatal, burial expenses and a death benefit not to exceed \$100,000; (v) vocational rehabilitation services; and (vi) reasonable expenses, including reasonable attorney fees. Total awards are subject to the limit currently applicable in medical

malpractice actions. Determinations of liability and damages will be made by a three-member Medical Injury Compensation Board. Claims will be reviewed by a panel of three qualified and impartial physicians drawn from a specialty appropriate to the facts of a particular case, whose members are selected by the deans of the schools of medicine of the Eastern Virginia Medical School, University of Virginia School of Medicine, and Medical College of Virginia of Virginia Commonwealth University, which panel will prepare a report regarding whether the claimant's medical injury does or does not satisfy the criteria of a covered injury. Health care providers are required to insure the payment of compensation to injured patients through a policy of medical incident insurance. Failure to insure is punishable by civil and criminal penalties. The expenses of the Board will be paid from an administrative fund maintained by a premium tax levied on liability insurance carriers. An Uninsured Providers' Fund is established to pay awards against uninsured health care providers. The measure applies to all claims for covered injuries occurring in this Commonwealth on and after July 1, 2012.

SB74 Electric utility regulation; SCC to regulate rate for services of investor-owned electric utilities.

Chief Patron: Reynolds

Summary:

Reinstates provisions governing the authority of the State Corporation Commission (SCC) to regulate the rates for services of investor-owned electric utilities that existed prior to the enactment of the Electric Utility Restructuring Act in 1999 and of electric utility re-regulation legislation in 2007. Specifically, the measure eliminates, for rate cases initiated after January 1, 2011, rules that authorize such utilities to earn a rate of return on common equity that is not lower than the average of such returns for a majority of peer group utilities, and to recover certain costs through rate adjustment clauses. In rate cases initiated in 2011 and thereafter the SCC is directed to determine rates, terms, and conditions for the provision of generation, distribution, and transmission services for each investor-owned incumbent electric utility that are just, reasonable, and nondiscriminatory. These proceedings shall be governed by the provisions of Chapter 10 of Title 56 and shall provide fair rates of return on common equity. In such proceedings, the SCC may use any methodology to determine rates of return on common equity that it finds consistent with the public interest. The SCC is authorized to permit a utility to recover its actual costs, if the Commission finds such recovery is just, reasonable, and in the public interest, of peak-shaving programs, energy efficiency programs, participating in the renewable energy portfolio standard program, and environmental projects.

SB272 Biodiesel and green diesel; minimum content in state contracts for vehicle fuel.

Chief Patron: Whipple

Summary:

Requires state public bodies to procure only diesel fuel containing, at a minimum, two percent, by volume, biodiesel fuel or green diesel fuel. The requirement will only apply to procurements of diesel fuel for use in on-road internal combustion engines and shall not apply if (i) such fuel is not practically available or (ii) the cost of such procurement exceeds the cost of unblended diesel fuel by five percent or more. Based on a finding of sufficient availability of biodiesel or green diesel, the Governor may increase the requirement of biodiesel fuel or green diesel fuel up to 20

percent by volume.

SB534 Administration of higher education; restructures system.

Chief Patron: McDougle

Summary:

Restructures the system of higher education by abolishing the State Council of Higher Education for Virginia and the Chancellor and Board for the Virginia Community College System and transferring certain of their duties to the Secretary of Education, the Board of Education, and the Department for Veterans Services. Other Code sections pertaining to these agencies have been repealed. This bill also creates the Virginia Higher Education Advisory Board as an advisory board within the executive branch of state government. Members of the Board are appointed by the Governor. The Board is charged with advising the Governor, General Assembly, and Secretary of Education on the development and operation of a seamless and educationally and economically sound and coordinated system of higher education in the Commonwealth, including the establishment, control, and administration of the Virginia Community College System. The duties and responsibilities of the Secretary of Education have been expanded to authorize the Secretary to oversee the system of higher education. The terms of current appointees to the State Council of Higher

Education and the Board for the Virginia Community College System will expire on July 1, 2010. The bill also makes several technical amendments.
