Summary:

Makes numerous changes to the laws governing lobbyist reporting, the conflict of interest acts, and the Virginia Conflict of Interest and Ethics Advisory Council (the Council), including (i) allowing the Secretary of the Commonwealth to suspend any penalty that could be assessed against a lobbyist's principal for failing to file the required disclosure if such failure is beyond the control of the principal; (ii) clarifying the procedures for terminating the services of a lobbyist; (iii) requiring that lobbyist registration forms be filed electronically; (iv) eliminating the requirement that a lobbyist list the names, addresses, and telephone numbers of all other lobbyists representing the same principal; (v) creating a separate statement for a lobbyist's principal to waive the principal signature requirement on the lobbyist disclosure form; (vi) granting the clerk of the local governing body or school board the same power as the Council to redact from any disclosure form released to the public any residential address, personal telephone number, or signature; (vii) eliminating the minimum duration of the mandatory refresher ethics orientation session for General Assembly members; (viii) allowing written informal advice from the Council to confer immunity from prosecution upon individuals acting in accordance with such advice; (ix) clarifying the Council's authority to grant extensions from the filing deadline and imposing a \$250 civil penalty on agency heads or local clerks who fail to provide the disclosure forms to filers in a timely manner; (x) requiring lobbyists to provide a report of gifts made during a regular session of the General Assembly no later than three weeks after adjournment to legislators and certain executive branch officials who are required to file a session gift report; and (xi) directing that candidates for statewide office and the General Assembly are required to file a disclosure form with the State Board of Elections and candidates for a constitutional office are required to file a disclosure form with the local general registrar. The bill also extends the filing deadline for disclosure forms from January 15 to February 1 and clarifies the reporting period covered by the disclosure forms. The bill eliminates events open to individuals who share a common interest from the definition of a "widely attended event," attendance at which is not subject to the gift cap. The bill also exempts from the definition of a "gift" (a) gifts from a person's child-in-law; (b) gifts related to a person's volunteer service; (c) meals provided for attendance at an official meeting of the Commonwealth, its political subdivisions, or certain other entities; and (d) attendance at a reception or similar function. The bill also exempts members of the judiciary from certain provisions governing prohibited gifts and prohibited personal interests in a transaction where such members are already subject to similar or greater prohibitions under the Canons of Judicial Conduct for the State of Virginia. The bill also clarifies that a legislator may have a personal interest in a contract with a government agency, not including a legislative branch agency, when the Virginia Public Procurement Act allows the award of such contract without competition. The bill further clarifies the exceptions that

allow state and local officers and employees who have a person interest in a transaction to participate in the transaction. Finally, the bill contains technical amendments. The bill contains an emergency clause that applies to the changes described in clauses (x) and (xi).

Summary:

Sets out the rights and responsibilities under the Virginia Fair Housing Law (§ 36-96.1 et seq.) with respect to maintaining an assistance animal in a dwelling. Under the bill, whenever a request for a reasonable accommodation to maintain an assistance animal in a dwelling is denied for reasons other than that the requester does not have (i) a disability or (ii) a disability-related need for an assistance animal, the person who receives the request shall initiate an interactive process with the individual requesting accommodation to determine if there is an alternative accommodation that would effectively address the disability-related need. The bill also defines assistance animal, major life activities, and physical or mental impairment. This bill is a recommendation of the Virginia Housing Commission.

HB2126 [Family and Medical Leave Insurance Program; established.](#)

Chief Patron: Levine

Summary:

Entitles individuals to a family and medical leave insurance (FMLI) benefit payment for each month they are engaged in qualified caregiving, not to exceed 60 qualified caregiving days per year. Qualified caregiving means an activity, except regular employment, for a reason an individual is entitled to leave under the federal Family and Medical Leave Act of 1993. Benefits would amount to 66 percent of an individual's monthly wages, based on highest annual earnings from the prior three years, up to a capped monthly amount, and would be indexed to the national average wage index. If a person takes the maximum number of days, the benefits would range from a minimum benefit of \$580 to a maximum benefit of \$4,000 per month in the program's first year. To be eligible for benefits, an individual is required to (i) be insured for disability insurance benefits under the Social Security Act at the time his application is filed; (ii) have earned income from employment during the 12 months before filing the application; (iii) have filed an application for a FMLI benefit; and (iv) have been engaged in qualified caregiving, or anticipate being so engaged, during the 90-day period before the application is filed or within 30 days thereafter. The measure establishes the Family and Medical Insurance Leave Fund and requires FMLI benefit payments to be made only from this Fund. A tax of 0.2 percent is imposed on the wages received by every individual, and an excise tax of 0.2 percent of the wages paid in any calendar year by the employer with respect to their employment is imposed on employers. The measure has a delayed effective date of January 1, 2018.

HB2245 [Virginia Research Investment Committee; expands role of Committee.](#)

Companion Bill: SB1371

Chief Patron: Jones

Summary:

Expands the role of the Virginia Research Investment Committee (the Committee) to include, in addition to awarding grants and loans from the Virginia Research Investment Fund, providing guidance and coordination in the use of public funds to support research and commercialization efforts throughout the Commonwealth. Effective January 1, 2018, the bill moves responsibility for the development of the Commonwealth Research and Technology Strategic Roadmap (the Roadmap) from the Center for Innovative Technology to the State Council of Higher Education for Virginia (the Council), which shall submit the plan to the Committee for approval. The Council would consult with public institutions of higher education, make recommendations on the industry sectors in which the Commonwealth should focus its research and development efforts, and establish a process for maintaining an inventory of the Commonwealth's current research and development efforts. The Roadmap would be used to determine areas of focus for awards from the Virginia Research Investment Fund and the Commonwealth Research

Commercialization Fund.

The bill also clarifies that the exemption from mandatory disclosure of records under the Freedom of Information Act by applicants for grants and loans from the Committee applies to certain financial records, trade secrets, and research-related information. The bill requires an applicant seeking to invoke the protections of the exemption to submit a written request to the Committee identifying the records or data for which protection is sought and stating the reason why protection is necessary. The exemption would also apply to documents prepared exclusively for the application review by the Committee, its staff, or a reviewing entity conducting a scientific review at the request of the Committee. The closed meeting exemption would also be amended to include interviews of applicants by the Committee or a reviewing entity conducting a scientific review.

The bill contains technical amendments.

Under the plan, the employer makes a mandatory contribution in the amount of 8.5 percent of the employee's compensation, and the employee contributes five percent of his compensation. The employer's contribution becomes fully vested upon the employee's completion of five years of continuous participation.

SB1129 [Virginia Public Procurement Act; requirements for use of construction management contracts.](#)

Companion Bill: HB2366

Chief Patron: Ruff

Summary:

Establishes a statewide policy for governmental procurement of construction management and design-build contracting procurement methods. The bill restricts the use of construction management and design-build contracting procurements by public bodies to projects with an estimated project cost that is expected to be greater than \$25 million but may be used when the estimated project cost is expected to be less than \$25 million, provided that the project is a complex project that has been approved in writing by the Department of General Services for state public bodies, the contact officer for covered institutions of higher education, and the local governing body for local public bodies. Additional requirements for the use of construction management and design-build contracting procurements include the following: (i) a written determination must be provided stating that competitive sealed bidding is not practical or fiscally advantageous, (ii) a public notice of the Request for Qualifications must be posted on the Department of General Services' central electronic procurement website at least 30 days prior to the date set for receipt of qualification proposals, (iii) the contract must be entered into prior to the schematic phase of design, (iv) prior alternative procurement method experience cannot be required as a prerequisite for an award, (v) procedures must allow for a two-step competitive negotiation process, and (vi) price must be a critical basis for award of the contract. In addition, the bill requires that construction management contracts provide that no more than 10 percent of the construction work be performed by the construction manager and that the remaining construction work be performed by subcontractors. The bill establishes a procedure to appeal a public body's determination to procure construction on a construction management or design-build basis when the estimated project cost is expected to be less than \$25 million. For determinations made by state public bodies, the appeal is made to the Department of General Services, for covered institutions the appeal is made to the contracting officer of the institution, and for local public bodies, the appeal is made to the chief executive officer of the locality. The bill also defines "complex project" and "covered institution" and contains reporting requirements regarding the use of construction management and design-build contracting procurements by all public bodies.

SB1228 [Va. Fair Housing Law; responsibilities with respect to use of an assistance animal in a dwelling.](#)

Companion Bill: HB2006

Chief Patron: Barker

Summary:

Sets out the rights and responsibilities under the Virginia Fair Housing Law (§ 36-96.1 et seq.) with respect to maintaining an assistance animal in a dwelling. The bill establishes a process through which a person with a disability may submit a request for a reasonable accommodation to maintain an assistance animal in a dwelling, including any supporting documentation verifying the disability and disability-related need for an accommodation. Under the bill, a request for reasonable accommodation to maintain an assistance animal may be denied for any one of the following reasons: (i) the request is not reasonable because it constitutes an undue financial and administrative burden as determined on a case-by-case basis; (ii) the requester does not have a disability; (iii) the requester does not have a disability-related need for an assistance animal; (iv) the supporting documentation does not state certain specified information regarding task, service, or support performed by the assistance animal; (v) the requested assistance animal poses a direct threat to the health or safety of others or the property of others; or (vi) the insurance carrier for the owner of the dwelling would take certain adverse action based on the presence of the assistance animal. The bill provides that whenever a request for a reasonable accommodation to maintain an assistance animal in a dwelling is denied for reasons other than that the requester does not have a disability or a disability-related need for an assistance animal, an interactive

process shall be initiated to determine if there is an alternative accommodation that would effectively address the disability-related need. The bill removes language providing that the terms "individual with a handicap" and the term "handicap" do not apply to an individual solely because that individual is a transvestite. The bill also defines "assistance animal," "major life activities," and "physical or mental impairment." As introduced, the bill is a recommendation of the Virginia Housing Commission.

The bill also extends the filing deadline for disclosure forms from January 15 to February 1 and clarifies the reporting period covered by the disclosure forms. The bill also exempts members of the judiciary from certain provisions governing prohibited gifts and prohibited personal interests in a transaction where such members are already subject to similar or greater prohibitions under the Canons of Judicial Conduct for the State of Virginia. The bill also clarifies that a legislator may have a personal interest in a contract with a government agency, not including a legislative branch agency, when the Virginia Public Procurement Act allows the award of such contract without competition. The bill further clarifies the exceptions that allow state and local officers and employees who have a personal interest in a transaction to participate in the transaction. Finally, the bill contains technical amendments. The bill contains an emergency clause that applies to the changes described in clauses (x) and (xi).

Chief Patron: Saslaw

Summary:

Expands the role of the Virginia Research Investment Committee (the Committee) to include, in addition to awarding grants and loans from the Virginia Research Investment Fund, providing guidance and coordination in the use of public funds to support research and commercialization efforts throughout the Commonwealth. Effective January 1, 2018, the bill moves responsibility for the development of the Commonwealth Research and Technology Strategic Roadmap (the Roadmap) from the Center for Innovative Technology to the State Council of Higher Education for Virginia (the Council), which shall submit the plan to the Committee for approval. The bill also clarifies that the exemption from mandatory disclosure of records under the Freedom of Information Act by applicants for grants and loans from the Committee applies to certain financial records, trade secrets, and research-related information. The bill requires an applicant seeking to invoke the protections of the exemption to submit a written request to the Committee identifying the records or data for which protection is sought and stating the reason why protection is necessary. The exemption would also apply to documents prepared exclusively for the application review by the Committee, its staff, or a reviewing entity conducting a scientific review at the request of the Committee. The closed meeting exemption would also be amended to include interviews of applicants by the Committee or a reviewing entity conducting a scientific review.

The bill contains technical amendments.
