Chief Patron: Martinez

Summary:

Requires the State Council of Higher Education for Virginia to appoint and convene a task force on combating sexual violence for the purpose of developing a base sexual misconduct campus climate survey to be distributed to institutions of higher education no less than annually. The bill defines "institution of higher education" as any public institution of higher education or any private institution of higher education. The bill permits each institution of higher education to append campus-specific questions to the base survey and, within 120 days after completion of the survey, requires each institution to submit a summary of the results to the Director of the Council and post a summary of the results on the institution's website in an easily accessible manner. The bill also requires survey data to be posted on the Council's website.

The bill directs each institution of higher education to establish a written memorandum of understanding with a sexual assault crisis center, domestic violence center, or other victim support service in order to provide sexual assault victims with immediate access to a confidential, independent advocate who can provide a trauma-informed response that includes an explanation of options for moving forward. Currently, only Richard Bland College and each baccalaureate public institution of higher education and nonprofit private institution of higher education are required to enter into such agreements.

The bill requires each institution of higher education to include in its campus security policy the designation of at least one confidential resource advisor whose role shall be to serve as a confidential resource for students and employees to discuss alleged acts of sexual misconduct and receive information on resources available to such students or employees. The bill creates a statutory privilege between the confidential resource advisor and a student or employee who is sharing information with such confidential resource advisor. The bill sets out required awareness programming and training for students and employees to be conducted each year by each institution of higher education. The bill also requires each institution of higher education to adopt a policy on sexual misconduct that includes information set out in the bill and provides information that the institution shall provide to parties involved in an alleged incident of sexual misconduct.

The bill sets forth data reporting requirements of sexual misconduct incidences and investigations that each institution of higher education shall prepare annually. After reasonable notice and opportunity for a hearing, upon determination that an institution of higher education has violated or failed to carry out any provision or any rule adopted under the bill, the Director may impose a civil penalty upon such institution for each violation not to exceed \$150,000, which shall be adjusted for inflation annually, or

SB347 [VA Military Survivors & Dependents Ed. Prog.; eligibility to receive tuition and fee waiver.](#)

Chief Patron: Reeves

Summary:

Provides that the stepchild of a living veteran or military service member, as described in the bill, is eligible to receive a tuition and fee waiver under the Virginia Military Survivors and Dependents Education Program if such living veteran or military service member claimed such stepchild on his tax return for at least five years prior to the date on which the admission application was submitted. The bill reduces the scope of the Program's applicability by providing that an admitted qualified survivor or dependent is only eligible for a waiver of tuition and mandatory fees (i) for an undergraduate program at any public institution of higher education and (ii) up to the amount necessary to pay for the last-dollar cost of the tuition and mandatory fees after all other federal and state financial aid to which such qualified survivor or dependent is entitled are utilized. Current law does not limit eligibility for a waiver of tuition and mandatory fees to undergraduate programs and does not require such waiver to be limited any tuition and mandatory fees remaining after all other federal and state financial aid to which the qualified survivor or dependent is entitled are utilized. The bill also provides that a qualified survivor or dependent, in order to be eligible for a waiver of tuition and mandatory fees, must (a) complete the federal Free Application for Student Aid (FAFSA) each year for which he seeks to receive a waiver and (b) maintain satisfactory academic progress pursuant to 20 U.S.C. § 1091(c). Finally, the bill exempts from the requirement limiting the receipt and use of such waivers to undergraduate programs any individual who qualified for a waiver of tuition and mandatory fees under the Program prior to the provisions of the bill going into effect and is currently enrolled in a public institution of higher education or Eastern Virginia Medical School.
